### **Notice of Arsenic Exemption Fenwick Manor Water System Hollywood Water System**

On November 18, 2005 the Maryland Department of the Environment granted Arsenic Exemptions to the St. Mary's County Metropolitan Commission for the Fenwick Manor and Hollywood Water Systems. These exemptions were necessary as the source waters for these water systems do not meet the new Federal arsenic limitation of 10 parts per billion, which became effective January 23, 2006.

To comply with the new arsenic standard, the St. Mary's County Metropolitan Commission proposes to tie these water systems into the Lexington Park Water System, which meets the new arsenic standard. These connections are scheduled to be completed by December 2008.

If you have any questions or input regarding this notice, please feel free to contact the Commission at (301) 373-4733.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
