REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Directors of
St. Mary's County Metropolitan Commission

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and the aggregate remaining fund information of the St. Mary's County Metropolitan Commission (MetCom), a component unit of St. Mary's County, Maryland, as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise MetCom's basic financial statements as listed in the table of contents.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate remaining fund information of MetCom as of June 30, 2022 and 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of MetCom and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

MetCom's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

SB & COMPANY, LLC
KNOWLEDGE • QUALITY • CLIENT SERVICE

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MetCom's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MetCom's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MetCom's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, required supplementary information, as individually listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis, required supplementary information, and budget and actual schedules as listed in the table of contents, in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the MetCom's basic financial statements. The schedules of departmental allocable operating and nonoperating revenues and expenses, schedules of service charges and direct operating expenses, and schedules of administrative expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules of departmental allocable operating and nonoperating revenues and expenses, schedules of service charges and direct operating expenses, and schedules of administrative expenses are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying schedules of departmental allocable operating and nonoperating revenues and expenses, schedules of service charges and direct operating expenses, and schedules of administrative expenses are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have issued our report dated November 21, 2022 on our consideration of the MetCom’s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the MetCom’s internal control over financial reporting and compliance.

ST. MARY'S COUNTY METROPOLITAN COMMISSION

Management's Discussion and Analysis June 30, 2022 and 2021

This section of the St. Mary's County Metropolitan Commission (MetCom) annual financial report presents a narrative overview and analysis of the financial activities of MetCom for the fiscal years ended June 30, 2022 and 2021. We encourage readers to use the information presented here in conjunction with the accompanying financial statements and the accompanying notes to those financial statements.

Financial Highlights

- MetCom's total net position increased by \$6.0 and \$3.1 million or 4.6% and 2.4% as a result of operations in FY2022 and FY2021, respectively.
- During the current year, MetCom's revenue from operations was \$16.5 million, representing an increase of 2.0% over the prior year. During FY2021, revenue increased by 4.7% over FY2020. The percent increase in rates was reduced from FY2021 to FY2022. Both years realized an increase in usage and new customers.
- MetCom's operating expenses excluding depreciation were \$15.1 and \$15.4 million for the years ended June 30, 2022 and 2021, respectively.
- Depreciation expense totaled \$6.5 million and \$6.6 million for the years ended June 30, 2022 and 2021, respectively.
- MetCom's net nonoperating revenue was \$8.7 and \$8.8 million for the years ended June 30, 2022 and 2021, respectively. The decrease of 1% was a result of a decrease in debt service charges, and a decrease in interest expenses. FY2021 decrease by 14% as a result of a decrease in interest income, and an increase in interest expense.

Overview of the Financial Statements

The *statement of net position* presents information on all of MetCom's assets and deferred outflows of resources liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of MetCom is improving or deteriorating.

The *statement of revenues, expenses, and changes in net position* presents information showing how MetCom's net position changed during the applicable fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The *statement of cash flows* presents the sources and uses of MetCom's cash during the applicable fiscal year.

MetCom's operating revenues total \$16.4 million during the current year. Total operating revenues increased by \$0.3 million or 1.9% over the prior year, compared to operating revenue in the prior year of \$16.1 million which was an increase of 5.2% over FY2020. For both FY2022 and FY2021, the increase was largely a result of increased rates.

Expenses from MetCom's operations excluding depreciation were \$15.1 and \$15.4 million for the years ended June 30, 2022 and 2021, respectively. Depreciation expense total \$6.5 million and \$6.6 million for the years ended June 30, 2022 and 2021, respectively.

MetCom's net nonoperating revenue was \$8.7 and \$8.8 million for the years ended June 30, 2022 and 2021, respectively. The decrease of 1% was a result of a decrease in debt service charges, and a decrease in interest expense. FY2021 decrease by 16% was a result of a decrease in interest income and an increase in interest expense.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The St. Mary's County Metropolitan Commission (MetCom) is responsible for providing water and wastewater facilities and services within the jurisdiction of St. Mary's County, Maryland. MetCom's commissioners are appointed by the County Commissioners of St. Mary's County. MetCom, a body politic and corporate, organized under section 113 of the code of St. Mary's County (the County), is a component unit of the St. Mary's County Government.

Fund Financial Statements

MetCom maintains its accounting system as an enterprise fund to report its nonfiduciary funds. An enterprise fund is used to account for operations that are primarily financed by user charges. Separate financial statements are provided for its fiduciary fund.

Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. An enterprise fund is used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Government Accounting Standards Board (GASB) Statement No. 34 sets forth minimum criteria (percentage of the assets, deferred outflow of resources, liabilities, deferred inflows of resources, revenues, or expenditures/expenses of either fund category or the governmental and enterprise funds combined) for the determination of major funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements. No major funds by category are summarized into a single column.

Basis of Presentation

The financial statements of MetCom have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units as prescribed by GASB.

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied. The measurement focus identifies which transactions should be recorded.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting

Business-type activities are presented using the accrual basis of accounting in the proprietary and fiduciary fund financial statements. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of related cash flows.

Measurement Focus

The proprietary and fiduciary funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Cash and Cash Equivalents

Cash and cash equivalents consist of demand deposits and any highly liquid investments with an initial maturity date of three months or less.

Accounts Receivable

Receivables consist of all revenues earned at year-end and not yet received. Major receivables include inspection fees and water and sewer billings receivable.

Capital Assets

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. Depreciation expense is calculated on a straight-line basis over the estimated useful lives of the related assets, as follows:

<u>Asset Class</u>	<u>Estimated Life</u>
Utility plants	18-50 years
Water plant systems	18-50 years
Equipment	3-10 years
Capitalized interest	50 years
Buildings	20-30 years

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Compensated Absences

Compensated absences are accrued as incurred and recognized as a current liability in the financial statements. These absences represent vacation leave earned, but not taken, and sick leave earned prior to October 2004 that will be paid out at the rate of 50% upon the employees' retirement. The total leave earned but not taken was approximately \$720,633 and \$758,312, as of June 30, 2022 and 2021, respectively.

Pension Accounting

Employee contributions are recognized in the Pension Trust Funds in the period the contributions are due. Employer contributions are recognized when due and MetCom has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. Administrative costs are funded from investment income. Any net pension obligation or asset is calculated on an actuarial basis consistent with the requirements of GASB Statement No. 27, *Accounting for Pensions by State and Local Government Employers*. Expenditures are recognized when are paid or are expected to be paid with current available resources.

Capital Contributions

Capital grants and contributions from Federal and state governments are reported as capital contributions in the statements of revenues, expenditures, and changes in net position.

Donated assets consist primarily of capital assets constructed by developers and subsequently donated to MetCom and reported as capital contributions. They are recorded at estimated fair value using developers' estimated cost to construct the assets. The capital assets and related capital contributions are recognized upon completion of construction.

Bond Issue Costs

Bond issue costs include legal fees, advertising, rating fees and other costs incurred when bonds were issued. The costs are expensed in the period that the bonds are issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires MetCom to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

2. DEPOSITS AND INVESTMENTS

Policy

Maryland law prescribes that local government units such as MetCom must deposit their cash in banks transacting business in the State of Maryland, and that such banks must secure any deposits in excess of Federal Deposit Insurance Corporation (FDIC) insurance levels with collateral whose market value is at least equal to the deposits.

State statutes authorize MetCom to invest in obligations of the United States government, Federal government agency obligations, and repurchase agreements secured by direct government or agency obligations. All of the funds were invested in the Maryland Local Government Investment Pool (MLGIP), which qualifies under the statutes.

Deposits

MetCom has certificates of deposit that have been issued through the Certificate of Deposit Account Registry Service (CDARS). The CDARS program allows a banking customer to maintain Federal depository insurance on balances in excess of the FDIC limit.

The carrying amount of MetCom's deposits was \$54,475,529 and \$39,492,568, as of June 30, 2022 and 2021, respectively. As of June 30, 2022, the carrying amount of \$54,475,529 is made up of \$12,000,000 of CDARS investments, \$37,333,885 of Insured Cash Sweep (ICS) deposits, \$5,030,163 of investments in MLGIP, and a book value of cash of \$28,370 with an associated bank balance of \$26,870. As of June 30, 2021, the carrying amount of \$39,492,568 is made up of \$11,000,000 of CDARS investments, \$18,550,395 of ICS deposits, \$9,823,944 of investments in MLGIP, and a book value of cash of \$118,229 with an associated bank balance of \$59,041. Of the associated cash bank balances, \$500,000 was covered by Federal depository insurance as of June 30, 2022 and 2021. As of June 30, 2022 and 2021, there were no deposits exposed to custodial credit risk, interest rate risk or foreign currency risk.

Regulatory guidelines require that deposits placed through the CDARS program be considered brokered deposits. The cost and fair value of the CDARS broker deposits as of June 30, 2022 and 2021, was \$12,000,000 and \$11,000,000, respectively.

2. DEPOSITS AND INVESTMENTS (continued)

Investments

Investments in the MLGIP are not evidenced by securities. The State Treasurer of Maryland exercises oversight responsibility over the MLGIP. A single financial institution is contracted to operate the Pool. Separately issued financial statements may be obtained from the contractor: David Rommel, PNC Bank, One East Pratt Street, 5th Floor West, Baltimore, Maryland 21202. In addition, the State Treasurer has established an advisory board composed of Pool participants to review the activities of the contractor quarterly and provide suggestions to enhance the return on investments.

The MLGIP uses the amortized cost method to compute unit value rather than market value to report net assets. Accordingly, the fair value of the position in the MLGIP is the same as the value of the MLGIP shares. The MLGIP is rated AAA by Standards and Poor's. As of June 30, 2022 and 2021, MetCom's investments, for both custodial and credit risk purposes, consisted solely of shares in the MLGIP. This investment is not deemed to have either risk. MLGIP is managed as a Rule 2a-7 pool. Therefore, MetCom faces no interest rate risk. The cost and fair value of the MLGIP investments as of June 30, 2022 and 2021, was \$5,030,163 and \$9,823,944, respectively.

In fiscal year 2015, MetCom joined the Maryland Association of Counties (MACo) Pooled OPEB Trust (the Trust). There are 15 members to this wholly-owned instrumentality of its members. The Trust is a common trust fund which is comprised of shares or units in a commingled fund that is not publicly traded. The assets of the Trust are managed by a Board of Trustees and consist of U.S. treasury obligations, U.S. government agencies, corporate and foreign bonds, global funds and international equity securities.

As of June 30, 2022, the net position of the Trust was valued at \$62.6 million. MetCom's interest was \$7.0 million. Contributions to the Trust Fund qualify as "contributions in relation to the actuarially determined contribution" within the meaning of GASB Statement No. 75 and the Trust Fund qualifies as a "trust or equivalent arrangement" under the meaning of GASB Statement No. 43. The Trust is audited annually by an independent certified public accounting firm. Separately issued financial statements may be obtained by sending a request to the following address: Board of the MACo Pooled OPEB Trust, 169 Conduit Street, Annapolis, MD 21401.

MetCom categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described on the following page.

ST. MARY'S COUNTY METROPOLITAN COMMISSION

Notes to the Financial Statements June 30, 2022 and 2021

2. DEPOSITS AND INVESTMENTS (continued)

Investments (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the entity has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

All equity and debt securities are classified in Level 1 and are valued using process quoted in active markets for those securities.

Transactions are recorded on the trade date. Realized gains and losses are determined using the identified cost method. Any change in net unrealized gain or loss from the preceding period is reported in the statement of revenues, expenses and changes in net position. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

MetCom may terminate its membership in the Trust and withdrawal its allocated investment balance by providing written notification to the Trust six months prior to the intended withdrawal date.

6. RETIREMENT AND PENSION PLANS

Nationwide Retirement Solutions

On March 18, 2004, MetCom adopted a Section 457 plan. Under the terms of the plan, employees may contribute up to 100% of their salary, up to the contribution limits, to the plan. No employer contributions are made to this plan.

Maryland State Retirement and Pension System

Summary of Significant Accounting Policies

Pensions. Virtually all employees of the County (other than those covered by the Sheriff's Office Retirement Plan) are members of the Maryland State Retirement and Pension System (the System). The System is considered a single multiple employer cost sharing plan.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the System and additions to/deductions from the System's fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

6. RETIREMENT AND PENSION PLANS (continued)

Maryland State Retirement and Pension System (continued)

General Information About the Pension Plan

Plan Description. Certain employees of the MetCom are provided with pensions through the System—a cost-sharing multiple-employer defined benefit pension plan administered by the Maryland State Retirement and Pension System (MSRPS). The State Personnel and Pensions Article of the Annotated Code of Maryland (the Article) grants the authority to establish and amend the benefit terms of the System to the MSRPS Board of Trustees.

Benefits Provided. A member of the System is generally eligible for full retirement benefits upon the earlier of attaining age 60 or accumulating 30 years of creditable service regardless of age.

Early Service Retirement. A member of the System may retire with reduced benefits after completing 25 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree either attains age 60 or would have accumulated 30 years of creditable service, whichever is less. The maximum reduction for the System member is 30%.

Disability and Death Benefits. Generally, a member covered under retirement plan provisions who is permanently disabled after 5 years of service receives a service allowance based on a minimum percentage (usually 25%) of the member's average final compensation (AFC). A member covered under pension plan provisions who is permanently disabled after accumulating 5 years of eligibility service receives a service allowance computed as if service had continued with no change in salary until the retiree attained age 62. Death benefits are equal to a member's annual salary as of the date of death plus all member contributions and interest.

Contributions. The Article sets contribution requirements of the active employees and the participating governmental units are established and may be amended by the MSRPS Board. Employees are required to contribute 6% of their annual pay. MetCom's contractually required contribution rate for the System for the years ended June 30, 2022 and 2021, was \$646,369 and \$616,923, respectively, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Maryland State Retirement and Pension System (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2022 and 2021, MetCom reported a liability of \$4,200,218 and \$5,579,007, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021 and 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. MetCom's proportion of the net pension liability was based on MetCom's share of contributions to the pension plan relative to the contribution of all participating employers. As of June 30, 2022 and 2021, MetCom's proportion was 0.028% and 0.027%, respectively.

For the year ended June 30, 2022, MetCom recognized pension expense for the System of \$658,862. As of June 30, 2022, MetCom reported deferred outflows of resources and deferred inflows of resources related to ERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 321,924
Changes of assumptions	812,989	90,025

Additionally, MetCom's proportionate share of the System net pension liability if it were calculated using a discount rate that is 1-percentage-point lower (5.8 percent) is \$7,153,572, or 1-percentage-point higher (7.8 percent) is \$1,750,443.

7. OTHER POST-RETIREMENT BENEFITS (OPEB)

Plan Description

MetCom provides health, prescription, dental and vision care insurance benefits to eligible retirees, eligible retirees' family members and the family members of deceased employees as a single-employer plan. Eligible persons include employees with a minimum of ten years of eligible MetCom service entering an immediate retirement, family members of eligible retirees and family members of deceased employees. MetCom pays a percentage of premiums based on the date of hire and number of years of service. For employees hired prior to May 10, 2007 the percentage ranges from 53.13% with ten years of service to 85% with 16 or more years of service. The percentages for employees hired on or after May 10, 2007, range from 21.25% with 15 years of service to 85% with 30 years of service. There is no statutory or contractual requirement to provide these benefits, and they may be changed or modified by MetCom's Board of Commissioners.

MetCom's OPEB plan is administered through the single-employer Retiree Benefit Trust of St. Mary's County Metropolitan Commission as an irrevocable trust. Assets of the Trust are dedicated to providing post-retirement health, prescription, dental and vision coverage to current and eligible future retirees. The Trust's financial statements are prepared using the accrual basis of accounting. Contributions are recognized in the period in which the contributions are due. Benefits are recognized when due and payable. The Trust assets are invested with MLGIP and the Maryland Association of Counties (MACo) OPEB Trust. The OPEB Trust does not issue a stand-alone financial report.

As of June 30, 2022 and 2021, membership consisted of:

Plan Description (continued)

Investments

MetCom's investment authority is established in the Retiree Benefit Trust of St. Mary's County Metropolitan Commission. For the years ended June 30, 2022 and 2021, the annual money weighted rate of return of the OPEB Trust was -10.4% and 24.23%, respectively.

Net OPEB Liability

The components of the net OPEB liability of MetCom as of June 30, were as follows:

	<u>2022</u>	<u>2021</u>
Total OPEB liability	\$ 11,402,706	\$ 10,756,919
Plan fiduciary net position	(7,873,356)	(8,782,489)
Net OPEB liability	<u>\$ 3,529,350</u>	<u>\$ 1,974,430</u>
Plan fiduciary net position as a percentage of the total OPEB liability	<u>69.05%</u>	<u>81.65%</u>

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial cost method	Projected Unit Credit
Inflation	2.50%
Salary increases	3.00%
Investment rate of return	6.50%
Healthcare cost trend rate	The trend for 2021 is 4.9%. The ultimate trend is 4.0%.
Discount rate	6.68%

The long-term nominal expected rate of return on OPEB plan investments of 6.68% was determined using a building block method where return expectations are established for each asset class. The building block approach uses the current underlying fundamentals, not historical returns. Spread and the risk-free rate are used for fixed income; and dividends, earnings growth and valuation are used for equity. These return expectations are weighted based on asset/target amounts.

The discount rate used to measure the total OPEB liability was 6.68% as of June 30, 2022. The projection of cash flow used to determine the discount rate assumed that the MetCom's contributions will be made at rates equal to current contributions levels.

9. RISK MANAGEMENT

MetCom is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and related disasters. MetCom is a member of the Local Government Insurance Trust (LGIT) sponsored by the Maryland Municipal League (MML) and the Maryland Association of Counties. The LGIT is a self-insured public entity risk pool offering general liability, excess liability, business auto liability, police legal liability, public official liability and property coverage.

LGIT is capitalized at an actuarially determined level to provide financial stability for its local government members and to reduce the possibility of assessment. The trust is owned by the participating counties and cities and managed by a Board of Trustees elected by the members.

Annual premiums are assessed for the various policy coverages. The agreement for the formation of LGIT provides that the trust will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$1,000,000 for each insured event. Settled claims resulting from these risks have not exceeded commercial insurance coverage in the past fiscal year. MetCom paid premiums of approximately \$202,419 and \$192,000, during the years ended June 30, 2022 and 2021, respectively.

10. NEW ACCOUNTING PRONOUNCEMENTS

As of June 30, 2022, the Governmental Accounting Standards Board (GASB) has issued the following pronouncements: Statement No. 87, *Leases*; Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*; Statement No. 92, *Omnibus 2020*; Statement No. 93, *Replacement of Interbank Offered Rates*; and Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. These statements have been implemented and did not have a material effect on MetCom's financial statements.

The GASB has also issued Statement No. 91, *Conduit Debt Obligations*; Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*; Statement No. 96, *Subscription-Based Information Technology Arrangements*; Statement No. 99, *Omnibus 2022*; Statement No. 100, *Accounting Changes and Error Corrections*; and Statement No. 101, *Compensated Absences*, which will require adoption in the future, if applicable. MetCom will be analyzing the effects of these pronouncements and plans to adopt them, as applicable, by their effective dates.

**REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors of
St. Mary's County Metropolitan Commission

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the St. Mary's County Metropolitan Commission (MetCom), a component unit of St. Mary's County, Maryland, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise MetCom's basic financial statements, and have issued our report thereon dated November 21, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered MetCom's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of MetCom's internal control. Accordingly, we do not express an opinion on the effectiveness of MetCom's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether MetCom’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
